American Society of Ocularists Annual Conference
Chicago, Illinois
September 30 – October 3, 2022

PRELIMINARY PROGRAM

as of July 1, 2022
51 proposed NEBO credits shown in red

Friday, September 30, 2022

12:00pm – 4:00pm	**Board of Directors Meeting**
12:00pm - 3:00pm	**Education Committee Lunch & Meeting**
2:00pm - 5:30pm	**ASO General Registration**
4:15pm - 5:15pm	**Fellow Committee Meeting**
6:30pm - 8:00pm	**ASO Welcome Reception**

Saturday, October 1, 2022

8:00am – 9:00am	**Breakfast**
9:00am – 9:05am	**Welcome** President: Kendahl Quimby, BCO, BADO Program Co-Chairs: Michelle Bullard, BCO, BADO & Melissa Frederick, BCO, BADO
9:05am – 10:35am	**Course #707: Fitting Technique Overview - Panel Discussion** **6** Moderator: Michelle Bullard, BCO, BADO

	Panel: **Empirical Fitting** Stephen Haddad, BCO, BADO **Modified Impression** Hillary Yeager, BCO, BADO **Empirical Impression/LeGrand Method** John Brinkley, BCO, BADO	
10:45am – 11:45am	**Course #620: Reconstructive Surgery of the Anophthalmic Socket** Allen Putterman, MD	**4**
11:45am – 1:30pm	**Lunch On Your Own**	
1:30pm – 2:30pm	**Course #622: Ectropion and Entropion** Elizabeth Chiang, MD *Entropion and Ectropion are two conditions where the eyelid position is altered. This presentation will include a discussion of eyelid anatomy and causes of eyelid malposition. Evaluation of the patient and surgical repair of ectropion and entropion will be reviewed.*	**4**
2:40pm – 3:55pm	**Course 661: Medical Advisory Seminar** Moderator: Stephen Haddad, BCO, BADO Talks & Speakers TBA **Joseph LeGrand Award Recipient Talks**: 2021 Nicole Walker, BCO, BADO 2022 Chelsea Webb, BCO, BADO	**5**
4:15pm – 5:15pm	**Course 830: Student Lecture Workshop** Moderator: Nicole Walker, BCO, BADO	**4**

Sunday, October 2, 2022

8:00am – 9:00am	**Breakfast**	
9:00am – 10:00am	**Course #631: Socket Surprises** David Yoo, MD	**4**

10:10am -	11:40pm	**Course #907: How to Deliver a Great Speech Learn what it means to prepare-write-perform a great presentation!** Valerie Smith, DTM Toastmasters Public Relations Manager	**6**
11:40am –	1:00pm	**Lunch On Your Own (ASO)**	
11:40am -	1:00pm	**COO Luncheon Meeting, followed by COO Lecture**	
1:00pm -	2:00pm	**Course #773: Scleral Shells: A Systematic Approach to Fitting, Fabrication and Problem Solving** Marcus Soper, BCO, BADO, FASO *The fitting and fabrication of scleral shells often challenges the ocularist. Creating a life-like comfortable prosthesis over a living globe requires the ocularist to analyze each case with regard for anatomical structure of the existing globe and resulting cosmesis. This course will address a systematic approach to avoiding many problems while giving solutions to overcoming those that do arise.*	**4**
2:15pm –	3:15pm	**Proceed to Convention Center for Joint Session**	
3:45pm –	5:00pm	**Course 660: Joint Scientific Session with the American Academy of Ophthalmology** **"Prosthetic and Surgical Management of Congenital Anophthalmia and Microphthalmia"** Introduction by David Gougelmann, BCO, BADO Co-Chairs: David Gougelmann, BCO, BADO & Swapna Vemuri, MD *Congenital anophthalmia and microphthalmia present special challenges for both the Ocularist and Ophthalmologist. This symposium will examine the history, present and future prosthetic and surgical management procedures and outcomes. Proposed topics include: Boney orbital expansion with orbital volume augmentation using expandible surgical and nonsurgical devices. Along with management of congenital anomalies of orbital structures*	**5**

not limited to eyelids, associated with congenital anophthalmia and microphthalmia. Ophthalmologists and Ocularists will attend this joint symposium to discuss and review the comprehensive management of congenital anophthalmia and microphthalmia.

Prosthetic Management of Congenital Microphthalmia
Shirley D. Weyland, BCO, BADO, FASO

Surgical Management of Congenital Microphthalmia
Thomas Johnson, MD

Prosthetic Management of Congenital Anophthalmia
Marie-France Clermont, BCO, BADO, FASO

Surgical Management of Congenital Anophthalmia
Femida Kherani, MD

Question and Answer Session

Ruedemann Lecture: Title to be added
Kenneth Cahill, MD

6:00pm – 7:00pm **Reception & Silent Auction**

7:00pm - 10:00pm **Closing Night Banquet**

Monday, October 3, 2022

7:00am – 8:00am **Breakfast**

8:00am – 9:15am **Course #790: John J. Kelley, Sr., Mini-Max** 5
Moderator: Melissa Frederick, BCO, BADO

- Vanessa Pederson, BCO, BADO
  Title TBA
- Kuldeep Raizada, PhD, BCO, BADO, FAAO
  Title TBA
- Ruth Mueller Welt, Diplomate
  Title TBA
- David Gougelmann, BCO, BADO
  What an Ocularist Does During a Face-to-Face Encounter with a Patient

9:25am – 10:25am	**Course #728: A Method for Creating an Orbital Prosthesis for an Exenterated Socket** Donald Kluge, BCO, BADO *Orbital exenteration while being a lifesaving surgery leaves the patient in great need of help for prosthetic rehabilitation. The purpose of this presentation is to introduce ocularists to the possibility of creating an orbital prosthetic for the patient in need, when an anaplastologist, prosthodontist or maxillo-facial prosthetist is not available. This is a step-by-step demonstration of a method to create a facial prosthesis for an exenterated socket, from initial examination of socket to final dispensing of finished prosthesis.*	**4**
10:25am – 10:55am	Annual Business Meeting Sign In	
10:55am – 12:00pm	Annual Business Meeting	
	**** Conference Concludes ****	
12:15pm – 1:15pm	Post ABM Board of Directors Meeting
